

Full-time, matriculated GSBS students may cross-register at other Tufts schools for one course per semester for fall and spring terms. In summer, GSBS students may only cross-register at PHPD. Approved cross-registration will be accepted according to the schedule of the host; credit will be awarded according to the standards of the home program. Enrollment in any course is subject to prerequisites, attendance policies, and the academic calendar of the host.

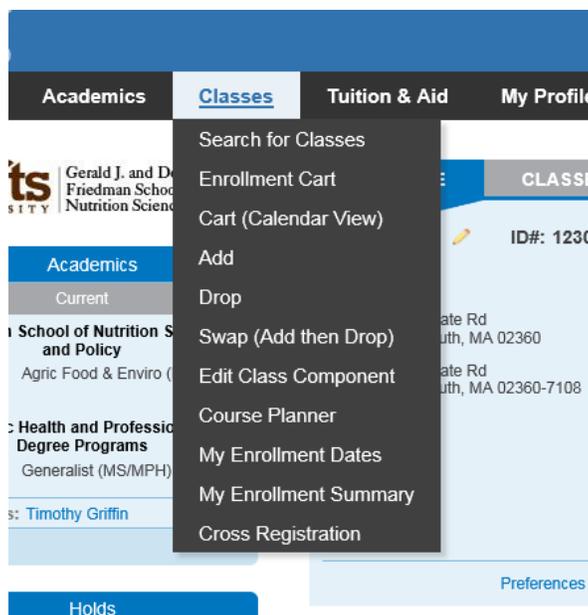

Cross-registration requires the approval of your faculty advisor, the course instructor, your program director, and the registrars of both Tufts schools. Before submitting a request, make sure you have spoken to your advisor, program director, and the course instructor, as they are unlikely to approve if they haven't heard from you.

Students wishing to cross register at Boston College, Boston University, Brandeis, or Northeastern (CTS only) should contact gsbs-registrar@tufts.edu for instructions.

SIS Cross Registration Instructions for Students

Students may now initiate cross-registration requests – where they seek to take a class in a Tufts school other than their “home” school – online through SIS rather than needing to use paper forms to collect signatures.

Under your “Classes” menu you will see a new option labeled “Cross Registration.”

Once selected that will allow you to begin a new request or to view the status of an existing request

Adding a New Request

Before entering a new request we recommend using the Class Search feature to identify the specific class you would like to cross-register for. The cross-registration request page does not have the same robust search options as the Class Search so it is useful to know exactly what class you are looking for before coming to this page.

Search for Classes

Term
Home Career TUSM Public Health Programs
Host Career
School or Program where the class is offered
Subject Area
Course Nbr 0203 - Microeconomic Theory I

Enter the **Term**, **Host Career** (i.e., the school or program where the class you want to take is offered), **Subject** and **Course Number** for the class you wish to cross-register into. Depending on the rules of your Home Career only certain terms or Host Careers may be available. If you cannot find the term or career you are looking for, contact your registrar or student services office.

Once a Subject and Course Nbr have been selected, hit Search and the listing of all sections for that class for the specified term will appear. Select all required components (labs, recitations, etc.) for the request.

Dropping or Withdrawing From a Cross-Registered Course:

Enrollment in any course is subject to the prerequisites, attendance policies and the academic calendar of the host school. The calendar and start dates of courses at other schools within Tufts University are frequently different, and it is the responsibility of the student to obtain this information and adhere to these schedules.

Students wishing to drop or withdraw from a cross-registered course must follow the procedures and deadlines of the host institution.

Note: Failure to drop the course properly may result in a negative notation on your transcript. After taking the appropriate steps, check your SIS record to be sure the change has been recorded.

NOTE: please do not respond to this email. If you have any questions regarding this email, please contact your student services or registrar's office.
